1. This Office action is in response to the amendment of 6/25/04 and the telephonic interview of 9/17/04.

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

In the claims: in claim 3, l. 2, change "II,4" to --II.4--.

In claim 4, first line above the second set of structures, line beginning with "D", change "II,4" to --II.4--.

In claim 11, first line, make "the the" read --the--.

3. Authorization for this examiner's amendment was given in a telephone interview with Daniel Kim, Esq., #51877, on 9/17/04.

4. The following is an examiner's statement of reasons for allowance: as applicants correctly note, the heterocyclic compounds of the prior art lack every element of the present claims, namely a nitrogen-containing heterocycle bonded through the nitrogen to a phosphorus atom which is itself directly bonded to an oxygen atom, the phosphorus and oxygen atoms themselves being part of another heterocyclic ring having no other heteroatoms in it other than the aforementioned oxygen and phosphorus.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
